377 of 610 Reels had the data needed for this ranking.

Views, reach and engagement are lifetime values for each Reel at the time of the last refresh. Engagement is Instagram's total interactions (likes, comments, saves, shares); Eng. / reach = engagement / reach x 100.

24-month history

Monthly posting and averages. Per-post numbers are lifetime values, so older posts have had longer to collect views.

Month	Posts	Reels	Avg likes	Avg comments	Avg views / Reel
Oct 26	12	12	765	16	29.0K
Sept 26	37	32	1,956	33	86.7K

What "Verified by BuzzInsect" means

BuzzInsect confirmed that this Instagram account is connected by its owner and read the numbers above from it through Instagram's official API on the date shown. It does not mean Meta or Instagram endorses this creator, and it does not guarantee audience authenticity or future performance. Rates, services and other creator-provided details are not verified.

How these numbers are calculated

Reporting period: posts published 17 Dec 2024 to 13 Oct 2026. Last refreshed 13 Oct 2026.

All Instagram numbers come from the creator's own Instagram account through Instagram's official API, with their permission. Nothing is estimated or filled in: a number Instagram did not return is shown as "-".

Engagement rate = average (likes + comments) of the 12 most recent posts that show both counts / followers x 100. Posts with hidden likes are skipped.

Audience shares are of followers over the last 30 days. Instagram only provides demographics for accounts with at least 100 followers. Instagram keeps per-post insights for up to two years and account-level insights for 90 days; Story insights are not included.
